

LIST OF PARTICIPANTS FOR A COURSE

Voluntary Attachment to the Course Report

This is a sample form. It can be attached to a Skaftuki report.

Name and contact information for participants must be given to Kansalaisfoorumi if requested, unless already attached to the Skaftuki report.

Anonymous participant statistics (gender, year of birth, educational background, labour force status, first language) are collected from all courses using the Osteri network.

The response link for students must be sent to all the participants for the collection of statistics. The link can be found on the "Student information" tab on Skaftuki.
